An Excellent Combination. The pleasant method and beneficial effects of the well known remedy, SYRUP OF Figs, manufactured by the SYRUP OF FIGS, manufactured by the CALIFORSIA FIG SYRUP Co., illustrate the value of chtaining the liquid laxative principle: of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, disrelling coulds, headaches and fovers dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Symp Co, only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

MR. F. N. GRAY RETURNS FROM EAGLE LAKE.

THE TEXAS RICE REGION

Fully Twelve Thousand Acres Planted in One Section-How the Water Is Secured.

Mr. F. N. Gray, secretary of the Houston Manufacturers' association, returned yes-terday from Eagle Lake, where he looked into the rice situation thoroughly. In distossing his trip, Mr. Gray said:
"The rice industry is not being neglected

because of oil discoveries in the rice region of Texas. In the vicinity of Eagle Lake alone fully 12,000 acres will be planted in rice this season, Of this, Mesers. Vine-Captain William Dunovant about 4000 They have extensive canal systems and get water for irrelation from the lake and also from the Colorado river. The re-mainder is represented in smaller forms ranging from 100 to 680 acres, which de-pend mainly apon wells for trigation, mos-of these are in the neignborhood of these

terville. "Mr. G. H. Vick of Eagle Lake demonstrated last year that a ong well, twelve feet in diameter, twenty-seven feet deep would freignte 125 acres of rice. He was concurated to dig additional wells, and will like year plant has acres, satisfied that he will get all the water needed from the wells. A splendid water bearing year is from in coarse sand throughout that section, at a depth of twenty-seven feet. "Flanting is going forward rappily in all the rice helds and considerable rice is already up.

the Beins and day no. The sugar crop is confined mainly big plantation of Captain Dunnova will grow at least 2000 acres in sugar this year. Several others have sugar the sugar being them Major Medarty agic Lake, who will perhaps plant the sugar being the sugar bags.

cres in cabe.

"The corten crep will be as large a mai, notwithstanding the rayages of bol eavil the past year. There is a general elling that the pest has moved on an at last year's experience will not be related at least year's experience will not be related at least year's experience will not be related at least year's experience will not be related, at least not so haidly. Eagle Lake is a fown of alout 1000 in disants, but there is every evidence of ift and with the rapid development of a susar and rice lands, of which there quite a region surrounding not to omit too, must of accessity become a pro-per-good sized city.

Mossars, Vineyard and Walker of the 26 take Rice Frigutton company gave it check for \$100 to go toward main ance of the rice kitchen at the Pancrican exposition. Mr. Vick was also a scriber and others have promised to do part.

The rice kitchen is the best

subscriber and others have promised to their part.

The rice kitchen is the best possil means of avoiding overproduction in ri-by doing an educational work in consum-tion, and this fact is well appreciated every one connected with the bulgat Louisiana has subscribed nearly \$10.080 carry on this great work and Texas w do her full share when all are called up

TWO SMALL FIRES.

The Fire Department Was Apparently Out of Luck. A small blaze in an old barn at the rear A. Stein's residence, on Crawford, percent Congress and Franklin avenues, illed out the fire department yesterday at ernoen at 3:30 o'cleck. A small a againt of hay and bagging was burned, entailing hay and bagging was burned, entailing a loss of about \$5. In making the run Assissant Chief Arto's rig and the apparatus of No. I collided. The colef's horse was badly injured and the longry completely wrecked. Despite the face that Arta was thrown violently to the pavement, he sustained only a few slight body brilines.

The department responded to an alarm at 6.35, turned in from the restlence of H. Stoppie, 1614 Washington street. The roof had ignited from a defective fine, but the blaze was extinguished before any material damage was done. In responding to this alarm deemical No. 3 collided with a telegraph pole at the corner of Main and Franklin and one of the borses was badly injured. The apparatus was not damaged.

The Posts Brings Results. E. F. McCarty, of the firm of McCarty McGebee & Co., prominent real estate, rental and insurance agents of San An tenio, is at the fitte, and is one of the tenio, is at the fittee, and is one of the most enthusiastic exponents of the efficacy of The Post as an advertising medium. The Post is one of the best newspapers in the South, "said Mr. McCarly last night," and must have a very extensive circulation. Last Sunday I placed a few small ads in its columns, and before moon on Membray I was completely deluged with responses. Answers kept coming all week, and before Wednexlay was reached responses were in from seven different States. When a man advertises he wants and expects results, and that is exactly what The Post brings."

A Testimonial from Old England. "I consider Chamberlain's Cough Reme dy the best in the world for bronchitis, says Mr. William Savory, of Warrington England. "It has saved my wife's life, she having been a marryr to bronchitis for over six years, being most of the time confined to her best. Sae is now quite well," Sold by all druggists.

## Scrofula

the children of blood poisoned parentage must accept, with all its humiliating consequences. It is an inheritance that makes one poorer; that brings wretchedness and disease instead of health and riches, for the child whose ancestral blood is tainted with Secondary 1988.

with Scrofula or the loathsome virus of Contagious
Blood Poison is unfitted for the arduous duties of
life so long as any of the transmitted poison remains
in its veins. Scrofula maniferts itself in various forms; swollen glands about the
neck and throat, catarrh of the head, weak eyes, hip bone disease, white swelling
and offensive sees are transfer to the head, weak eyes, hip bone disease, white swelling and offensive sores and abscesses are familiar symptoms, attended usually with loss of strength, poor digestion and pale or bloodiess complexion. The skin is sometimes most dreadfully affected, eruptions breaking out on all parts of the body. Scrofula destroys bone, tissue and flesh; no part of the human system escapes its When nineteen years old, and about one year | withering, benumbing touch.

When nineteen years old, and about one year after the birth of my first child, the glands on the left side of my neck began to swell. Four of the places were lanced and became open running sores; risings came under my left arm, and the discharge was simply awful. The doctors said I had the worst case of Scrofula they had ever seen. I took iodide of potassium, but this nor the other drugs given for this disease brought relief. When the physicians advised me to have the glands removed, I decided to try S. S. A few bottles cured me completely; no signs of the terrible disease are left.

MRS. RICHARD WASSON,

Golden Corners, Ohio.

Golden Corners, Ohio. purity to the profoundly poisoned blood, and the rich, strong blood that is carried to the swollen and diseased glands absorbs and destroys the tuberculous deposits,

and the painful, disfiguring sores and other evidences of Scrofula disappear.

S. S. S. should be begun immediately upon the appearance of the first symptoms, or where there is a known predisposition to Scrofula. Our medical department will be found of great help to those who are struggling with this wasting disease of heredity or any other blood trouble, and we invite you to write us. Should you or any member of your family need advice, our physicians will cheerfully give the information you desire, for which we make no charge. Book on Blood and Skin Diseases free
